Nail Enhancements

Dip Powder

Discover the strength and beauty of Dip Powder, a unique nail enhancement technique. Instead of traditional polish or acrylic overlay, your nails are dipped into finely pigmented powder and sealed with a protective liquid top coat. This method creates a vibrant, durable finish that can last up to four weeks, offering both style and strength without compromising on elegance.

Gel X

Experience the innovation of Gel-X, a safer and more convenient alternative to traditional acrylics. Offering the length of press-ons or acrylics with the flexibility of natural nails, Gel-X extensions are made entirely from gel polish, providing a natural-looking finish without waiting for nail growth. These extensions are gentle on your natural nails, with easier removal and less risk of damage, mold, or fungus. A perfect option for those seeking long, elegant nails with a healthier approach.

Liquid Gel / Hard Gel

Liquid Gel / Hard Gel is a thick, durable nail enhancement designed to add both length and strength to your natural nails. Made from polymer resins and cured under LED light, this hypoallergenic option offers a less damaging solution for custom nail shapes. As a chip-resistant alternative to acrylic nails, Liquid/Hard Gel provides long-lasting durability and can last up to four weeks before needing to be re-filled, making it an ideal choice for those seeking resilient, beautiful nails with less allergens.

PolyGel

PolyGel combines the best of both worlds, offering the strength of acrylic nails with the flexibility of gel. This hybrid system, available in convenient tubes, has a gel-like consistency that makes it easy to work with for both beginners and experts. Unlike acrylics, PolyGel requires no mixing and stays workable until cured under an LED light, allowing time for precise shaping. Applied over natural nails, tips, or extensions, PolyGel offers versatility in colors and finishes while being virtually odor-free and free of harsh chemicals. A durable and customizable choice for flawless nails.

Acrylic

Acrylic nails are a classic choice for those seeking long, beautifully shaped nails. Created by combining liquid monomer and powder polymer, these durable extensions are applied to your natural nails and sculpted into your desired length and shape. Ideal for individuals who have difficulty growing their own nails or have weak nails, acrylics provide strength, flexibility, and a flawless finish that can be customized to suit any style.
